1. Page 70, H.1 is revised to include subcontracts and provide further clarification as follows:

H.1 GEOGRAPHICAL ZONES

Offerors are requested to identify in Table A the geographical zone or zones for which they wish to be considered during the Task Order, Fair Consideration Process. After award of the multiple award contracts, task orders will be competed by the various NAVSEA Warfare Center sites to meet project/program requirements. Each task will be competed by the Warfare Center that has the requirement in the applicable zone of performance. To be considered in one or more of the seven zones, you must have held or currently hold a prime contract, subcontract or currently have a local office in the zone(s) in which you wish to be considered. The definition of local office is an office within the geographical zone(s) identified in H.1 that is 1)in existence at the time the RFP is issued; 2)is in business to provide the support found in the Functional Areas identified in the SOW; and 3)staffed by employees employed by the prime contractor who proposes on the RFP, or at least one of it's team members (subcontractor). For the purpose of the qualification requirement, contract means meaningful work performed at one or more of the Warfare Center sites in one or more of the 21 Functional Areas. An order on a GSA contract may qualify as a contract if it is relevant to the 21 Functional Areas of the SOW. The following map identifies the seven zones: Northeast, National Capital, Mid-Atlantic, Gulf Coast, Midwest, Southwest, and Northwest.

(Map remains unchanged in RFP)
